Producer Farm is a joint initiative by Fuel, Bristol Old Vic Ferment, Dance Umbrella, In Between Time and Coombe Farm Studios.

It is a free residency for professional, UK-based producers. It runs annually, hosted by Coombe Farm Studios in Dittisham, Devon – and is returning in June 2022.

The programme aims to provide time and space to consider your current work and future potential.

**The residency is free and all accommodation and food is provided. We want to ensure that the residency is accessible to all, and so if travel costs would prevent you from taking part, please state this in your application so we can find ways to support you.**

## What does it offer?

- Networking and discussion with peers and senior industry professionals
